The Miracle Equation is that formula. As you'll learn, the Miracle Equation is deceptively simple in its explanation but extremely rare in its execution. It consists of only two decisions: Unwavering Faith and Extraordinary Effort. The Miracle Morning for Salespeople The Miracle Morning for Salespeople: The Fastest Way to Take Your Self to the Next Level So That You Can Take Your Sales to the Next Level! There are countless books written for salespeople about various sales techniques: prospecting, generating leads, building rapport, handling objections, closing the sale, collecting referrals, and providing excellent customer service. The list goes on and on. This is not one of those books. Most salespeople use these techniques daily, yet the majority still fail to achieve the results they want. So, what is the difference between "average" performers and the top 1% in your company or industry? Which strategies, mindsets, practices, and systems do the top 1% maintain daily that got them to the top and continues to keep them there? The more you study the world's top salespeople, in any industry, the more you realize that their success is a result of who they are more than merely what they do. Thus, logic would have it that if you want to take your SALES to the next level, you must first figure out how to take your SELF to the next level (because it only happens in that order). That's exactly what this book will help you do, and faster than you ever realized is possible. This book gives you exactly what you need to do both! Taking Life Head On begins with the dramatic true story of Hal Elrod's incredible triumph over tragedy, then gives you his powerful formula that is GUARANTEED to empower you to truly love every moment of your life while creating the life of your dreams. At age 20, Hal's world ended when his car was hit head-on by a drunk driver. He died for 6 minutes, broke 11 bones, suffered permanent brain damage, and was told by doctors that he would never walk again. Yet, Hal was happy. So happy, in fact, that his doctors thought he must be in denial. Defying the logic of doctors and temptations to be a victim, Hal went on to not only miraculously take his first step just 3 weeks after being found dead and told that he would never walk again, but he would eventually run a 52-mile ultra-marathon, become a hall of fame business achiever (at age 26), and an international motivational speaker, success coach, and #1 bestselling author.
